School Film Premier!

Exciting new video

A number of months ago, Mr Bourke asked our Pupil Council to put the school Vision, Values and Aims in child friendly language. After we brainstormed lots of great ideas we came up with the idea of creating a short film. We wanted to include everyone so we held competition throughout the school. The infants had to draw a picture of what they like about St Fillan's and the upper school designed a new badge showing what they valued about St Fillan's. The prize winners starred in our short film and the runner ups had some of their values included in our display.

We started by making a storyboard of how our video would work. We came up with a new school motto which included all the things we value about our school. Our motto is...

LOVE for **LIFE**

and

LOVE for **LEARNING!**

WILL OUR SCHOOL WIN £20,000?

20 schools have the chance of winning £20,000 as part of their 'Aldi's Kit for Schools' competition. We have already completed 2 posters and are waiting on delivery of our 3rd poster. The more posters we enter, the more chances we have of winning. Could we complete another poster before 3rd November?

INTERVIEW OF THE TERM - DIGITAL LEADER - TABITHA

How did you become a digital leader?

I had to complete an application form.

What do you do as a DL?

I work with technology, I especially like using the 3D printer. We are currently raising money to buy our own digital printer by making and selling key rings.

Why did you want to become a DL.?

I love working with technology and teaching others how to use technology.
